IMPACT 2022

Launching a charitable organisation with a mission to empower marginalised communities in Canada and around the world was a key highlight of 2022, marked by a significant commitment of \$2MM+ to support underrepresented communities in Canada, starting with a donation of \$300,000 over three years to the Century Initiative and \$250,000 for this year to the Tamil Community Centre.

The Foundation supported 4-hospitals - with each receiving \$10K - in the GTA & Durham Region with a dollar-for dollar matching donation strategy raised via the TCS Toronto Waterfront Marathon. And, we added \$15K to the Bursary program at my alma mater, St. Paul's High School in Winnipeg, MB.

We will continue to deepen the transformational and transgenerational impacts on society by prioritising the many pillars of wellness, often overlooked when thinking about the experiences of Black, Indigenous, and People of Colour in Canada and vulnerable populations abroad.

Muraly Srinarayanathas, Chair

We need a bigger, stronger Canada.

Canada has a well-earned reputation as a global leader. Our prosperity, diversity, and innovation help make Canada one of the best countries in the world to raise a family and start a business.

But our prosperity is fragile. If we want Canada to remain prosperous, diverse, resilient, and influential for future generations, we need to prepare for it now. Because prosperity takes planning.

Our goals

We are working towards a bigger, bolder Canada:

100 MILLION BY 2100

OUR \$65,000 DONATION ADDS OUR VOICE TO THE LARGER SOCIO-ECONOMIC IMPERATIVE FOR CANADA. WE WILL CONTINUE TO HELP SHAPE & GROW THE IMMIGRANT PATHWAY TO A STRONGER NATION FOR ALL BY COMMITTING \$300,000 TO THE CENTURY INITIATIVE OVER THE NEXT 3-YEARS.

"As a leading organization working toward the goal of a bigger, bolder Canada by 2100, Century Initiative congratulates the Srinarayanathas Foundation. Today's announcement adds another strong voice to the call for a plan to help secure Canada's social and economic future. Working together we have a unique opportunity to seize this moment, imagine new possibilities, make the investments and implement the changes needed for a more prosperous and influential Canada."

- Lisa Lalande, Chief Executive Office,
Century Initiative.

The Srinarayanathas Foundation committed to a \$1MM donation for the Tamil Community Centre, starting with a contribution of \$250K this year. While the GTA has a population of 122,000 Tamils, the Community Centre could potentially serve between 500-900 Tamil households in the Scarborough area (2016 Census), 236-500 Tamil households in the Durham area, and 750-1961 Tamil individuals in the South Markham area (according to 2019 Census data).

#ROOT FOR YOUR HEALTH

Team Srinarayanathas ran in the Toronto Waterfront Marathon to raise awareness for hospitals in the GTA & Durham regions including Lakeridge Health, Scarborough Health Network, Markham Stouffville Hospital and Holland Bloorview Kids Rehabilitation Hospital.

Not only did we successfully reach our goal, the Foundation also matched \$20K, resulting in a donation total of \$40K for the hospitals.

This is just the beginning of our work to help rebuild and repair the healthcare sector.

We at Scarborough Health Network Foundation are grateful for the support of the Srinarayanthas Foundation through the Toronto Marathon. Donations like these will support our highest priority needs like expanding our emergency departments, removing barriers to community mental health care, innovating diagnostic imaging, and creating the Bridletowne Neighbourhood Centre that will focus on treatment, prevention and education for chronic kidney disease. We look forward to continuing our relationship with the Srinarayanthas Foundation and continuing to close the gap between aging facilities and world-class healthcare in Scarborough."

OUR \$10,000 DONATION SUPPORTED HOLLAND BLOORVIEW KIDS REHAB HOSPITAL'S HIGHEST PRIORITY NEEDS

"Your generous donation to our highest priority needs is helping kids with disabilities and their families in so many ways.

Your gift has given kids and their families a sense of hope and connection in a time when it has never been more important. You're helping kids laugh, learn and express themselves by supporting programs like our Therapeutic Clowns, Spiral Garden summer camp, and music and arts therapy.

You're helping researchers apply newfound knowledge of the brain to create better treatments for children – treatments that employ robotics, virtual reality therapies and gaming technology. Kids love these innovations and the technology stimulates both the body and the brain to produce better outcomes, faster.

Programs and therapies like these would not be possible without your support!
